Kenotic Love from Caritas Nursing Community

'A nurse can soothe any pain that love can't' - this is a reality life teaches us in every passing moment.

It is when we realise, that our journey of life just happens between our interactions with our doctors and nurses from birth to death.

Nursing is one of the most critical and highly skilled professions in the healthcare sector. It is also a profession that requires a lot of patience, empathy and skill.

Attending and treating patients suffering from innumerable diseases is a challenging job. A modern nursing professional has to perform medical care and services like a doctor in the field of medicine, especially in this era of modern medical advancement.

The broad responsibilities of those involved in nursing are to assist and empower individuals, families, and communities to regain and maintain health. They formulate and develop care and treatment plans in a very scientific manner post determining the patient's need.

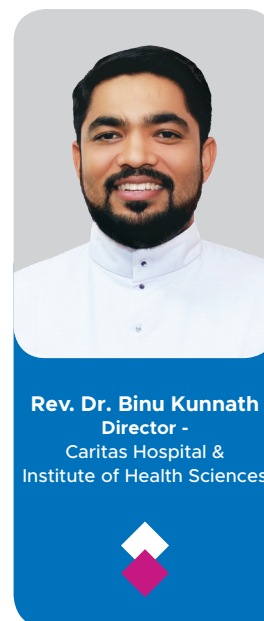

Following the rich tradition in educating nurses since 1965, it is our continuous endeavour to create and sustain the quality of Nursing Education at its best. Our newsletter "Caritas Chronicle" intends to keep our stakeholders up to date with the events and dreams for future. We commit to share the journey of our college through the path of excellence through this periodic newsletter.

I am very glad to be a part of this initiative of Caritas College of Nursing. I would also like to take this opportunity to congratulate Prof. Mrs. Twinkle Mathew, Principal and all staff and students of Caritas College of Nursing on this initiative and wish them the very best for a great journey ahead.

It is with great pleasure that we present to you the first edition of the 'Caritas Chronicle' for your valuable feedback and suggestions.

Yours Truly,

Rev. Dr. Binu Kunnath, Director - Caritas Hospital & Institute of Health Sciences

Warm Greetings from Caritas College of Nursing.

Welcome to the first edition of our newsletter 'Caritas Chronicle'.

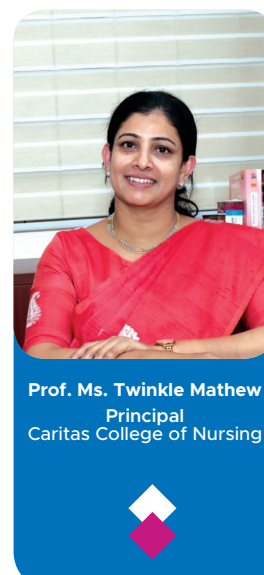

I am very happy to be a part of this initiative of Caritas College of Nursing on its journey to strive and maintain quality in nursing education. Following the footsteps and the vision of the pioneers in nursing education of this Institute way back in 1965, we dedicate ourselves in making this Institution a centre of excellence.

In light of the positive developments over the last few years, 'Caritas Chronicles' intends to keep our stakeholders up to date with the process and changes in our Institution. It helps us to share, explain, and reinforce the culture of our college. Through this venture, we look forward to personalize our relationship with our students, employees, parents, and alumni through regular communication.

This edition of 'Caritas Chronicle' will highlight our dreams for future and the best of what we have to its readers. This newsletter will give insight into our college activities over the past 6 months and our future plans too.

We delight in sharing with you our constant endeavours to make Caritas College of Nursing a beacon of excellence in the field of nursing education. It's our humble attempt in making every effort and leaving no stone unturned in our continuous striving to ensure our students have the best in education as well as develop a compassionate and caring heart towards others.

Presenting to you with great happiness the first edition of 'Caritas Chronicle'.

Inauguration of Internal Quality Assurance Cell (IQAC)

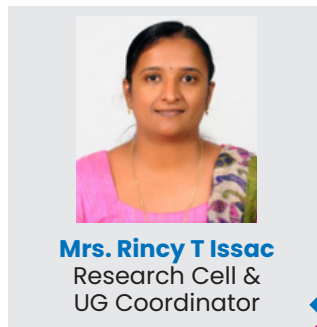

Inauguration of Internal Quality Assurance Cell (IQAC) by Rev. Dr. Binu Kunnath, Director, Caritas Hospital & Institute of Health Sciences. Dr. Deepthi Madhu, Chief Quality Officer, Caritas Hospital, felicitated the gathering. A Workshop on "Quality Assurance in Education & Patient Care" for nursing students and faculty was organized by IVth Year B.Sc. Nursing and IInd Year P.B.B.Sc. Nursing students on 24/02/22 at Caritas College of Nursing.

Mrs. Asha Liz Mani
IQAC Coordinator

Research Cell Inauguration

Dr. Sabu Thomas, Honorable Vice Chancellor, MG University, Kottayam inaugurated the Research Cell of Caritas College of Nursing on 05/01/2022. As a part of the research day celebration '**Caritas Quest Webinar Series-1**' was initiated by organizing an online webinar on the topic 'Research Proposal Preparation – Focus on Grant Proposal and Reliability Testing of Research Tools'. The target audience were the faculty of nursing colleges and postgraduate nursing students. A total of 173 participants from different colleges attended the webinar series.

Course Inauguration

Course inauguration of B.Sc., P.B.B.Sc. and M.Sc. Nursing on 07/03/22 by **H.E. Mar. Joseph Pandarasseril**, Auxiliary Bishop of Kottayam.

A New Strategy to Configure Generation Z Nurses

I am indeed very happy to be a part of the team in implementing the revised B.Sc. Nursing Curriculum, which embraces competency-based and outcome-based approach throughout the program by integrating the essence of mastery in learning and self-directed learning. The new system is a credit-based system, which focuses on inculcating ten core competencies within students that include patient centered care, professionalism, teaching and leadership, system based practice, health informatics and technology, communication, team work and collaboration, safety, quality improvement and evidence-based practice. The pivotal change in syllabus is that it is a semester-based curriculum with eight semesters in which the last semester is exclusively for internship with intensive practicum in all five specialties. It includes mandatory and elective modules, which help foster the standards in nursing care and assure the quality of care rendered by nurses as well. Nursing Education has taken a great leap by introducing three new subjects - Health Informatics & Technology, Professionalism and Forensic Nursing. I strongly believe that the revised syllabus will unquestionably mould nurses who will cater to the needs of Generation Z.

Ms. Smitha Paul
Member of Board of
Studies UG, KUHS

Bridging Program

A bridging program for the First Semester B.Sc. Nursing students was organized from 8/03/22 to 11/03/22. The program was organized in association with Student Support & Guidance Cell of Caritas College of Nursing. Orientation to the course and various subject was given to students. Woman: A Perennial Source of Strength And Love.

"Life shrinks or expands in proportion to one's courage."
-Anais nin

The role of woman in India has been formed by traditions. The nature and role of woman in the society is presented by great heterogeneity and divergence. In order to remedy these conflicts, women have to play an active role in the society.

There is a need for women in the modern India to be aware of their strengths and potentials. They have to oppose anything that is meant for their suppression. In order to do this, they must be educated and made economically independent. They have to stand up for themselves and must change the social framework in order to reach their goals.

The role and position of women can only be enhanced through active participation of women in every possible spheres of the society. Women must operate on equal height with men in the society. Women is and will always remain as a source of strength and love.

Ms. Diya Anna Deepu
IIIrd Year B.Sc. Nursing

Webinar
